TMG Financial Services to Host CAP Webinar

Des Moines, Iowa – March 27, 2009 – TMG Financial Services is hosting an informational webinar on Thursday, April 2 at 11 a.m. for credit unions interested in learning more about the Collateralized Advance Program (CAP) offering.

The TMG Financial Services CAP offering provides competitive interest rates for investments to fund portfolio growth and additional portfolio purchases from credit unions across the country. Each loan is backed by high-quality credit card receivables.

Credit unions interested in CAP are not required to sell or have sold their portfolios to participate.

“This is not a pitch to sell your credit card portfolio. That’s a choice that individual credit unions must make after a careful evaluation,” said Jeff Russell, president and CEO of TMG Financial Services. “Even those who choose not to sell or those who have sold in the past, can still help keep these valuable credit card relationships in the industry while also earning an attractive yield by participating in the CAP offering.”

More than 20 credit unions are currently participating in this program.

For more information on the CAP, visit www.tmgfinancialservices.com/CAPwebinar.cfm, or to register for the webinar, contact Tina Hoffman at tinah@tmfinancialservices.com or 515.457.5533.

About TMG Financial Services:

TMG Financial Services is a credit card agent issuing company dedicated to providing a credit union-centric solution that is collaborative and focuses on providing value for both credit unions and cardholders. TMG Financial Services is partially owned by progressive credit unions across the country and is affiliated with The Members Group, a leading provider of credit, debit, ATM and prepaid processing solutions.
